If elected I will resign my job with the Gaming Commission, contrary to what my opponent would try to make you believe.

Instead of telling lies and slinging mud & paint, I hope my opponent will begin wanting to discuss the issues that are important to you and your family. Our Tribal members and our employees deserve to be treated with respect and compassion. The days of bullying with fear and intimidation need to end. We can do better, and with all our resources, we should be doing a lot better.

I have a plan and our enrolled members are the focus of that plan. We will pay down the debt and provide a higher per cap. We will return our Tribe to the days of Respect and Honor, days where our peoples needs came first, days where we could count on a secure environment for our kids and security in the knowledge that our Tribe would be there for us when we become elders. That is what I envision for our Tribe and there are ways we can work toward those goals where we all benefit. My decisions will be driven by what is best for our Tribe as a whole. Let's all join together and work for something positive for our Tribe and our members.

IT IS TIME FOR A CHANGE.

Thank You

I would like to thank you on behalf of Richard Arneach for the successful turnout for his benefit. The winners of the raffle were Troy Crowe and Sean Ross. Kim Phillips won the silent auction. And, I would like to thank Brad Jacobs for donating the cake. I also would like to thank all of the people that came out and helped serve and deliver meals.

Cultural Summer School Workers and Supporters:

I want to take the time to thank everyone involved in the cultural summer school event made available to my son and many other tribal students on June 6-17, 2011. My son looked forward to going to "school" every day to make crafts, and learn new things about his tribe. He was very proud of his artwork, and proudly showed everyone he could. This event made a lasting impression on him, and gave him a healthy sense of accomplishment and pride. That is a wonderful gift to give to a child, and I thank you all for that. Unfortunately, he felt his crafts were of such high quality that he could barter for a toy for each craft item he "traded" to me and his grandmother. Nonetheless, a huge thank you to everyone involved in this time-consuming and difficult process, and you all did a wonderful job! The crafts were amazing!

A Grateful Parent,
Karen Holiday

Lack of Communication on Meet the Candidates Date in Cherokee County

Dear Tribal Voters,

A question has been asked as to why I was not at the Cherokee County "Meet the Candidates" forum. I would like to make it clear my absence was not meant as a slight to the community.

In this campaign I have kept to my commitments to visit within communities and homes. The date of this event (Cherokee County 'Meet the Candidates') was changed at the request of another candidate and this information was not given to me or another candidate. I do thank Barbara McNair, Community Club Chair, for announcing at the event that the date change came as a result of the other candidate's request.

To be in attendance at 'Meet the Candidate' events in various communities has been a priority of my campaign. I feel it is very important for the voters to see, hear, and judge the candidates. However, fulfilling my commitments is also high on my campaign's priority list. I had home visits and other events scheduled for the new date of the Cherokee County 'Meet the Candidates' forum. By the time I received the new date of the forum, it was impossible and unfair to shift my existing schedule.

I invite any voter to contact me with any questions or concerns. You can contact me by phone: 736-0922, email: juanita4chief@gmail.com or website: www.juanita4chief.com. Your understanding is appreciated.

CORRECTION

In last week's issue the Regina Ledford Rosario's 'Candidate for Paint-town Council Member' advertisement the sentence, "The First Amendment of

the United States guarantees you Freedom of Speech with fear of repercussion" needs to be corrected. The sentence should read "The First Amendment of the United States guarantees you Freedom of Speech **without** fear of repercussion."

Thank You

Area Asthma Educator receives Champion Award

By MERRELL GREGORY

The coordinator of the Mission Health System asthma program, who served 290 EBCI children at the Dora Reed Childcare Center, the Cherokee School System and the Kituwah Academy, has been named the 2011 state recipient of the Asthma Champion Award at the North Carolina Asthma Summit held recently in Raleigh.

She is Melinda Shuler, principal investigator and regional clinical coordinator for the Mission Health System Regional Asthma Disease Management program.

"Asthma is a serious, and sometimes life threatening disease," Shuler said. "Unfortunately, too many young patients and their families do not

know how to effectively manage the illness and use their medications. Working with them as we do can make a tremendous difference in the quality of their life, and sometimes in saving their lives. I am very thankful to have the opportunity to work with the asthmatic children and their families throughout the Western Region. It has been a very humbling and rewarding experience."

As principal investigator and coordinator for Mission's asthma program, Shuler works with asthmatics and their families throughout Western North Carolina, from Cherokee to Burke County, case managing more than 80 children in 40 schools. In 2010, she impacted some 3200 children and 270 parents and guardians. Her work includes asthma disease

management, grant administration, asthma educational initiatives, environmental assessments in school and child care sites in 12 counties in partnership with the North Carolina Department of Public Health, and providing physician inservice education throughout the region.

Asthma is one of the most common chronic disease in school-aged children and is the leading cause of school absenteeism. In North Carolina 314,700 children have been diagnosed with asthma and one child in 10 is affected by it.

Merrell is the manager of external communications for the Mission Hospital Health System in Asheville.

Smokies Resource Educator Settles in to New Position

Elizabeth K. Dupree

Elizabeth K. Dupree was selected as the new Chief of Resource Education at Great Smoky Mountains National Park and has been in her new post since April. Dupree replaces Cathleen Cook who took a new position as Superintendent of Chickamauga/Chat-

tanooga Military Park in Chattanooga, Tenn.

Dupree, 55, came from Jean Lafitte National Historical Park and Preserve in New Orleans, La., as Chief of Resource Education, overseeing six separate locations and educating the public on the cultural and natural resources of the Mississippi delta region. A significant achievement at Jean Lafitte was the opening of a new visitor center at Chalmette Battlefield where Dupree played a major role in both the design and construction of the facility, as well as the planning, fabrication, and installation of the exhibits and interactive computer programs.

Dupree has a wealth of knowledge and experience in park interpretive operations, having worked in key leadership roles in a number of national park units over a 30-year career with the National Park Service. "This experience will be an asset to the Smokies in providing interpretive and educational activities to the millions of visitors who come to the Park, a primary function and important responsibility for protecting and pre-

serving the flora, fauna, and cultural resources," said Park Superintendent Dale Ditmanson.

A majority of the Park's Resource Education Division's operation is providing direct contact with the public through: three popular year round visitor centers inside the Park hosting about 2 million visits annually; weekly ranger-led walks, talks, and tours; environmental educational programs such as Parks as Classrooms and Parks in Classroom, reaching thousands of students annually; and the Appalachian Highlands Science Learning Center, bridging educational opportunities with real science research.

Dupree's diverse work experience included other assignments throughout the country at San Antonio Missions National Historical Park, Texas; Lake Mead National Recreation Area, Nev.; Big Cypress National Preserve, Canaveral National Seashore, and Gulf Islands National Seashore, Fla; Herbert Hoover National Historical Park, Iowa; Cape Hatteras National

Seashore, and Wright Brothers National Memorial, N.C.; and Cumberland Island National Seashore, Ga.

Two of her earliest field assignments were at Great Smoky Mountains National Park where she worked in the Oconaluftee and Cades Cove Districts as a Park Aid and Park Technician. Prior to entering into the interpretation field, Dupree performed a variety of duties in law enforcement operations and resource management activities.

"Being back in the Smokies is like coming home and I look forward to continuing the great community connections the park has with local schools and partners who help us educate the public about this beautiful and unique place," said Dupree.

Dupree is a native of North Carolina and a graduate of East Carolina University with a Bachelor of Science degree in Parks, Recreation and Conservation. She enjoys hiking and photography among her hobbies.

EBCI Tribal Member Attends LEAD Summer Business Institute at Duke University

Hana Bushyhead, a senior at Simley High School in Inver Grove Heights, MN, has been chosen by the Native American Finance Officers Association (NAFOA) as the recipient of a scholarship to attend the LEAD Summer Business Institute (SBI) at Duke University. According to LEAD, it received its largest pool of applicants ever this year. The LEAD program is open to high achieving Native American, African American, Hispanic American, and Asian American students who are in their junior year of high school.

SBI took place at Duke this summer from June 18 to July 8, and provided 30 high-achieving students with first-hand exposure to the business world through a three-week residential experience at Duke's Fuqua Business School and college campus. The curriculum is designed to familiarize participants with various business disciplines through classroom study, group projects, guest speakers and hands-on projects. Cultural and recreational activities are also included.

A highlight of Hana's participation was the opportunity to introduce Cory M. Blankenship, Tribal Treasurer of the Eastern Band of Cherokee Indians.

The program at Duke covered core business topics including accounting, economics, ethics, social entrepreneurship, marketing and management taught by the school's faculty. During corporate visits, participants heard from CEO's of America's leading business enterprises, Google, Goldman-Sachs, Burt Bees, John Deere, and asset management firm, Smith Breeden. Keeping with tradition, students participated in a full day of outdoor weekend activities such as the ropes team building training course, volunteering with Habitat for Humanity, a Durham Bulls baseball game, Palace Pointe amusement park, cookouts and on campus recreation. Besides Duke University, other institutions that have participated in the LEAD program include Stanford University, Dartmouth University, Northwestern University, the University of Illinois, the University of Michigan and the University of Pennsylvania.

Use only the numbers below the diagram to complete its blank squares and use each of the nine numbers only once.

Pittosporum

There are about 200 different species in the Pittosporum genus, ranging in size from shrubs to small trees. Pittosporum foliage can be found in solid colors or with a variegated appearance, including cream, light green, bright green, dark green, gold, or even the deep purple of *Pittosporum tenuifolium purpureum*. These plants are salt-tolerant and make ideal hedging in coastal gardens.

“Have a Voice, Have Hope”

Juanita Plummer Wilson

for Principal Chief 2011

Siyo, I am Juanita Plummer Wilson. My platform is “Health, Hearth and Hope.”

I have been consistently running a clean and positive campaign on real issues facing us. I have been in many of your homes sharing thoughts with you. You have listened to me and I have listened to you. You have challenged me, AS YOUR NEXT CHIEF, to do these things:

- Restore Government to the People:
 - o Amend the current governing document
 - Establish an Ethics Code for elected officials as is for employees
 - Elected Officials must be subject to Drug Policy
 - Criminal acts will be subject to community recall
 - o Establish Transparency of government
 - Principal Chief or principal staff will attend Community Club Council meetings
 - Issue understandable financial reports
 - “How are we doing?” forums
 - Quarterly Executive meetings, the Principal Chief and principal staff, in the Snowbird area. These meetings will be open to the public.
- Stop irresponsible spending and address the huge debt we’re in:
 - Casino-original construction and current expansion projects
 - School
 - Golf Course
- Restore trust and respect for the Executive Office:
 - Cut salaries of the Executive Office
 - Abolish the pension plan for the Executive Office
 - Challenge Council to do the same
 - Re-assign personnel responsibilities away from the Executive Office

I have been asked: are we ready for another female Principal Chief? Let me say this, 1) each administration must stand on its own merit; 2) what we need to be focused on now is simply the mess in which we find ourselves. Look at the candidates who have been in positions of influence and authority. Why do they only listen to you during elections? I will serve the people every day! Not just during elections!

I have an Associates degree in Administrative Office Technology; a Bachelors Degree in Sociology; and a Masters degree in Leadership and Management. Education is important, but education without kindness and consideration for the people is not enough. I will be a Principal Chief of the people.

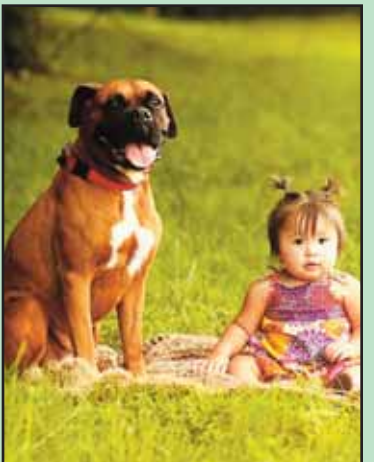

I am Juanita Plummer Wilson. I am running for Principal Chief and I am asking for your vote on July 7.
