

## Chief Lambert vetoes Impeachment Legislation

### SCOTT MCKIE B.P. ONE FEATHER STAFF

ribal Council passed Resolution No. 502 (2017) on Feb. 2 that called for Articles of Impeachment to be drawn up against Principal Chief Patrick Lambert. After being approved by a 9-3 margin in Tribal Council, Vice Chief Richard G. Sneed signed the legislation later that day.

Now, Chief Lambert has vetoed the legislation. In a letter to Tribal Council Chairman Bill Taylor, dated Feb. 21, he calls the move to impeach him a "witchhunt".

"While I am fully aware that there are a small committed few who remain steadfast to ensuring that this impeachment process move forward quickly and attempt to remove me from office, regardless of the law, precedent, facts, and against the clear will of the people of this Tribe," Chief Lambert wrote in his veto letter. "However, I have to believe that some

on Council still share my vision of looking out for the long-term best interests of this Tribe and that some on Council actually want to hear the truth."

Resolution No. 502 states in part, "the Office

Internal Audit determined that Patrick H. Lambert solely operated the EBCI's day to day duties by solely executing personnel actions requiring Executive Committee approval without the knowledge or input of the Vice Chief, by failing to conduct a formal interview and reference check requirements, authorizing a salary before budget approval, assigning an interim manager while manager position remained filled, pay raises authorized without documented justification, and changing the organizational structure without Tribal Council approval."

Chief Lambert addresses the report in his letter, "As I said in the last Council session, I am disappointed that Council is relying on a report that did not include any of my discussion of these matters and concerns with Internal Audit during their review, and I am disappointed that Council would move ahead on such thin grounds without first having full and open hearings. Disregarding due process and other key tenants of the law is not a sustainable position and causes greater distrust of the government by the people."

During the original vote on the legislation on Feb. 2, three Tribal Council representatives voted against the measure including Painttown Rep. Tommye Saunooke, Big Cove Rep. Richard French, and Big Cove Rep. Teresa McCoy.

Requests for comment from Tribal Council Chairman Bill Taylor, Tribal Council's legal counsel Carolyn West, and

EBCI Attorney General Danny Davis went unanswered by press time. According to the TOP Office, as of Thursday, Feb. 23, discussion and possible action on the veto is not set as an agenda item for the next regular Tribal Council meeting on Thursday, March 2.

Harrah's Cherokee Casino Resort is currently planning its 20th Anniversary Celebration for Monday, Nov. 13. They are asking for input on the menu to be served at this free event. See a survey on the menu on the Cherokee One Feather Facebook Page.

### **Chief Lambert given honorary Chief of Police membership**

**LETCHER** – The Board of Directors of the North Carolina Association of Chiefs of Police (NCACP) unanimously voted last month to award Principal Chief Patrick Lambert an honorary membership in the association.

George H. Erwin Jr., NCACP executive director, noted, "This is only the second time that the NCACP has awarded an individual honorary membership in our forty-one year history. Chief Lambert was recognized for his unwavering support of law enforcement and the rule of law."

He added, "Dr. Martin Luther King Jr. said, 'law and order exists for the purpose of establishing justice and when they fail in this purpose, they become the dangerously-structured dams that block the flow of social progress.' Chief Lambert has exhibited his commitment to law and order and justice for every individual."

The NCACP has held its annual statewide conference at Harrah's Cherokee Casino Resort since 2012 and is committed through 2020. Erwin commented, "Chief Lambert and the EBCI have been the most gracious hosts of our conference, and we look forward to the next few years working closely with them. Our most recent conference in Cherokee was the biggest and most attended in our history, due in part to Chief Lambert, the EBCI, and Harrah's Cherokee Casino Resort."

### **Principal Chief's Monthly Report for January 2017**

### PRINCIPAL CHIEF PATRICK LAMBERT

ello Everyone, This month's report is a little later than normal because we have all been distracted by the many events and upheaval within our Tribe. Over the past few weeks, there have been several events that have drained a lot of focus and energy away from the tasks at hand for our Cherokee Families. As I promised to you during my campaign, I completed a series of Forensic Audits on various programs within our Tribe and turned those results over to the U.S. attorney and FBI to pursue if there are any criminal matters involved. As you are aware from recent news reports, there have been several FBI warrants, subpoenas and searches issued and served. This has obviously caused some political officials uneasiness, but, rest assured...I will not be swayed from doing my job and doing what is right. I was elected to do exactly what I am doing and will continue to clean up the corruption, waste, fraud and abuse that was prevalent in the past. You deserve accountability; this government works for you. Thank you for all your support in these troubling times.

This report is for the month of January and I plan to get the report for February out to you early next month:

January started with a holiday and was a great wrap-up to a very nice holiday season. The "12 Days of Christmas" was a big hit and allowed so many of our families to spend some good quality time together. I was glad to be able to

EBCI Communications photos

**SINGERS:** Chief Lambert attended a dress rehearsal on Thursday, Jan. 12 for the Cherokee Chamber Singers, from the Cherokee Central Schools, prior to them leaving to perform at Disneyworld in Orlando, Fla.

provide this work schedule and extra days for the holidays. I hope everyone enjoyed it...

The first week back we saw our first measurable snow fall and this delayed a return to digging back into work until Wednesday, Jan. 11. During this time out I took my family to Orlando and competed in a 48.6 mile run that consisted of a 5K, 10K, <sup>1</sup>/<sub>2</sub> marathon and a full marathon over a four-day period. I completed all four races for a total of 48.6 miles and finished the full Marathon (26.2 miles) in my record time of 5:01:32. I almost broke the five-hour mark! It was a lot of fun and a great challenge. Thank you for all the well wishes in my challenge.

### Jan. 12

We settled back in for work finally and had January Tribal Council. (Budget Council originally scheduled for Jan. 10 was moved to the 17th due to snow). Also on this evening I had the pleasure to attend the dress rehearsal for the Cherokee Chamber Singers and to wish them well on their trip to Orlando to perform at Walt Disney World. What a great bunch of kids with such great talent!

### Jan. 13

Today marked a very important day for our Tribe. We held a signing ceremony with Bob Etheredge, from the United States Department of Agriculture (USDA), to execute an agreement for our Tribe. This agreement will help us be able to launch our own Department of Agriculture and begin pulling down more assistance for our local farmers. The USDA will also help us to develop our own Tribal agriculture and energy resources.

Later in the afternoon, I met with Cherokee Boys Club General Manager Skooter McCoy to discuss an agreement for us to take the old Children's Home and remodel it for the Homeless Shelter and Soup Kitchen that we have been planning. In exchange, we plan to help the Club replenish and upgrade its fleet of motor coach buses. It is through these mutual areas that we are finding new and better ways of working together to make progress in our communities.

### Jan. 17

We held the rescheduled Budget Council today. Later in the afternoon. I took another tour through the old high school building to look at the progress on refurbishing the interior. The building is in remarkable shape and will take minor repair and efforts to turn it into a great space for our Tribal Headquarters. We will be able to house nearly every program in the same location and essentially create a "one-stop shop" for our tribal members to access all the tribal services available, rather than traveling all over the place to many different buildings. This will also help us to be better accountable and will save a lot of money on facilities upkeep and overhead costs.

### Jan. 18

I traveled to Washington, DC to attend a USET meeting for the transition to the new administration. I also attended a meeting with Chairman Chaudhuri and his staff at the National Indian Gaming Commission. We discussed the upcoming submission of the renewed management contract with Harrah's and our management of the Murphy casino. These actions are proceeding as planned.

**AGRICULTURE:** Principal Chief Patrick Lambert (seated left) signs an agreement on Friday, Jan. 13 with the USDA, represented by Bob Etheredge (seated 2nd from left), that will help the Eastern Band of Cherokee Indians launch its own Department of Agriculture.

I returned from DC following a quick and successful trip. Today, we also held my monthly bingo games that I have started for our seniors each month. This month's prizes were sponsored by the Cherokee Police Department. Thank you for coming out; we had a big crowd and a lot of fun!

### Jan. 20

Today, I held several meetings with various folks and also with our Investment Committee and our Capital Committee to discuss the financial strength of our Tribe and approve various capital items for purchase.

### Jan. 23

Today was very busy with several meetings. I started with a welcome speech to our friends with the North Carolina Association of Chiefs of Police Conference at the Casino. Later, I held a Cabinet meeting with our Secretaries and staff, and afterwards met with our Projects Development Team to look at our progress for the recently approved casino developments and Tribal projects. We have a lot going on and will be holding several ribbon cuttings for new facilities that we have constructed.

### Jan. 24

For the first half day I caught up on some office work and answered messages and tried to return some phone calls. Later in the afternoon. I had several meetings with various staff and tribal members on local concerns. On this evening, Cyndi and I attended the banquet at the Casino with the Chiefs of Police association. They invited a hypnotist from Atlanta for entertainment who had a whole stage full of people hypnotized and acting crazy! It was very entertaining. They have entered a contract with the Casino to keep their conference here with us through at least 2020.

### Jan. 25

I had several staff meetings and a project meeting to discuss the completion of the new Big Cove Day Care center, the new Snowbird Senior Center and the new Graham County Indian Education Center. We are busy with several projects and are looking to complete the new Birdtown Senior Athletic training center and to begin work on our new Wolfetown, Birdtown and Big Cove Community Club buildings. It is important to continue to serve the communities with special projects, especially as we move forward with large economic opportunities for the whole Tribe.

### Jan. 26

Today, I had the pleasure of visiting our Heart to Heart Child Advocacy Center and our Cherokee Central Schools system. I met with several staff and learned more about some recent events that are a concern to us all. The staff under the leadership of Lloyd Wolfe at Child Advocacy have been doing a superb job in working with very delicate and serious matters.

Also, this morning the Tribal Council decided to hold closed door sessions in violation of the open meetings law to discuss the one-sided report about HR matters and contracts. It seems there are a few Council members who think this gives them the right to remove me from office. They seemed to think they could easily vote to "suspend" me from office. This will be a hard fight for them and it will cause much unnecessary stress in our Tribe. There are some who are simply upset because accountability is a hard thing to face when you've never had to in the past. I will continue doing my job and will not back down.

For the rest of the day I met with over 22 various tribal members on their personal concerns and added assistance where we could. I ended the day by visiting our Water Treatment Plant to look at new equipment requested for dealing with pollutants to our water supply that are caused by cattle farming activities.

### Jan. 27

It was a day to catch up on work and return calls and messages.

### Jan. 28

Today was a very sad day for many of our families as there was several funerals and visitations. God Bless each of you who have lost loved ones recently and know that you are in my prayers.

### Jan. 30

This day started with a Cabinet meeting for our Secretaries wherein we discussed many of the current and upcoming challenges to providing the absolute best service we can to our Tribal members and Cherokee families. Later in the afternoon, I met with the Cherokee Preservation Foundation staff to review recent activities and discuss upcoming plans for Cherokee.

### Jan. 31

Today was a regular scheduled Budget Council.

My report for February will be coming soon, and I will update everyone on my recent activities for the month of February.

Let me close by giving a big thank you to all my supporters and those who are praying for our Tribe to heal and grow. I will continue doing all I can every day on your behalf, and will always keep my eyes set on doing that which I know is pleasing unto Him. God Bless You. Chief Lambert

### **Principal Chief's Report for February 2017**

### PRINCIPAL CHIEF PATRICK LAMBERT

his month proved to be a very contentious month for our Tribe.

Although my office has been quite busy with the people's work, we still had to deal with the constant barrage of rumors, lies and threats from some Council members. There is so much more we could be doing and our work gets delayed and put on the back burner due to this constant interruption of vendettas and conspiracies. But, like we have always done in the past, we will continue to move forward and do what we can for our enrolled members. I appreciate the prayers, the uplifting comments and the encouragement. Keep it up, it is working!

Following is highlights from my past month of service to you:

### Feb. 1

Today, I attended a work session with Tribal Council and it seemed very much business as usual. We discussed the possibility of a proposed Data Center with a company called Switch and possibly seeking other proposals on this idea.

### Feb. 2

Today was a regular Council meeting. And, what a day!

It started out smoothly until we all were informed that the FBI just served search warrants on Qualla Housing and was seizing most of their files, computers and also more shredded documents. They brought two big U-haul trucks with 26 federal agents and filled the

WATER: Chief Lambert (far right) talks with employees at the Cherokee Water Treatment Plant on Thursday, Feb. 9

trucks to the brim with files, computers and other electronic items. Contrary to what some Council members want you to believe, these matters are very serious. The FBI through their subpoenas has made it clear that these investigations are looking into possible criminal conduct.

How convenient that on this same day (without it being announced to the public or on the regular agenda) some of the Council decided to try and have me impeached. It appears as if it is... retaliation. All I can say is that it doesn't matter what they want to say about me or do against me ... The FBI is still coming, they aren't going anywhere. So, if I get attacked for doing the right thing ... so be it. I committed to you to work non-stop to help get to the bottom of any crimes of waste, fraud or abuse within the Tribe and its programs. The PEOPLE will ultimately

decide the outcome of my political fate and the political fate as well of those Council Members who are determined to get rid of me.

During lunch on this same day, I attended a luncheon organized by our American Legion Ladies Auxiliary. They plan to start new community outreach efforts and are looking to team with community partners. They do a great amount of work and I'm proud to be a supporter of them.

### Feb. 3

Today, I spent the day preparing for the attack from those nine Council members. What a shame... many on this Council primarily want to spend their time playing politics instead of doing good work for the people. I will address these issues head-on because I have nothing to hide, but I believe those on Council who pushed to get this vote are doing so for retaliation and an attempt to cover-up their own misdeeds or the misdeeds of their friends or family.

### Feb. 6-10

Most of Council was out of town in DC for USET, but I decided to stay here and get some work done. This gave several of those Council members a chance to get their game plan together to attack me. They even admitted to having closed meetings while in DC and calling new attorneys to try to hire them to oppose me. It has also been reported that they met several times with the former Chief while there and included him in some of these discussions.

### Feb. 6

I held Project Development meetings with Harrah's staff to discuss the new Convention Center plan. I also had Commerce and Gordon Group on conference call for new retail development on site. There is a lot of work to be done and we will soon be getting underway with those projects.

### Feb. 7

Today. I had a conference call with a law firm that specializes in helping Tribes find ways to reduce the tax burden on individual Tribal members for their per capita payments. I also held a phone conference with HUD and discussed the recent activities surrounding Qualla Housing and the FBI actions. And, I had meetings with our Facilities Manager to discuss on-going projects. We are nearing completion of the new Mountain Bike Trails and will soon be scheduling a grand opening of those new trails. And, we are also close to completing some new renovations and clean-up of the Oconaluftee Indian Village. Also this week, we turned the keys over to the new lock-up evidence storage building for the Cherokee Police. This building has high-tech security and an impenetrable exterior.

Today, I also attended a retirement reception for Donna Lossiah and Jane Owle at the courthouse. These ladies have done a tremendous job for our Tribe and they will be missed. Also, best of luck to all the other members who are taking the big step and are able to retire!

### Feb. 8

Today was spent answering calls, emails and seeing some tribal members to hear their concerns.

### Feb. 9

This morning, I visited the New Kituwah Academy, Tsali Manor for lunch and the Water Treatment Plant after lunch. I am committed to expanding the NKA and finding

**GOOD FOOD:** The Big Cove Women's group sponsored a dinner at the fellowship hall of the Acquoni Baptist Church on Wednesday, Feb. 22.

the resources to build a gym for the school and a Speakers Bureau to be a permanent location for our speakers.

### Feb. 10

A former Tennessee Congressman visited today and offered assistance on getting our land into trust issue with the TVA pushed forward this year in Congress. We had a very good meeting, and I plan to explore ideas related to lobbying for this issue in the near future.

I had an afternoon meeting related to legal and financial matters involving the Tribe.

### Feb. 13

I met with the Secretary of Treasury early this am to approve the Merit payouts and seniority bonuses for this fiscal year. Later in the morning, I held a Cabinet meeting with all the Secretaries to discuss recent and upcoming program and departmental needs and reports. There are several items to report that we are getting accomplished. Many small projects that help our Cherokee Families are underway or nearing completion: Emergency/Temp Housing nearing completion, new safe walkway to our High School underway, HR plan for a new improved professional atmosphere and office is underway, new community pool is being developed and under construction, purchasing of new ambulances to care for our growing population and needs, Stoney curve redlights and improvements nearing completion, new fleet management processes in place, new buffet style restaurant soon to open in the old TeePee restaurant, as well as several police raids and drug busts occurring to continue our fight against this drug epidemic that has us in the grips and struggling against it. Our streets are still clean and being maintained and many public works are underway to improve our overall infrastructure.

Following lunch, I met with TCGE to discuss development and get updated on the progress of our new Bowling Center and plans for the new Hotel Tower and Convention Center.

After work, I traveled to Atlanta to attend two days of meetings with the CDC. It is amazing the work the CDC does in the areas of public health, and I am glad to be able to engage as a Tribal Advisor to them and will be working hard to get some of those monies in Public Health brought here for our use.

### Feb. 13-16

I attended CDC meetings in Atlanta.

### Feb. 17

Today started with a meeting of legal advisors and discussion that Tribal Council is still pursuing their vendetta against me. Later in the morning, I met with Island Group Developers to discuss a new retail/ entertainment park similar to "The Island" located in Pigeon Forge. Later, I attended a special luncheon where I received a very special honor. I was inducted into and made an honorary member of the NC Chiefs of Police Association; a real honor and I am proud to be specially recognized for the work I am doing to rid our town of any corruption and working hard to make the best trained and equipped police force anywhere. In the entire 41 year history, I am only the second person to ever receive this honor, thank you.

Also today, I met with the world class company in energy, Siemens, to discuss ideas on helping to make us more energy self-sufficient and to find ways with us for more green power. I plan to invest for our Tribe's energy needs to help carry us into the next 100 years. This fits well with my plan of helping our elders with my new program I recently announced, "Power to the People – Tribal Elders Electricity Bills".

### Feb. 20

Today was a Tribal Holiday

see CHIEF REPORT next page

**CHIEF REPORT:** February report from Chief Lambert *from page 9* 

(President's Day).

### Feb. 21

This morning, I held a meeting with our Natural Resources and discussed development of a new state-of-the-art fish hatchery. I hope to be able to incorporate this and make an educational aspect along with a Children's Discovery Museum and a Cherokee National Library and Archive/Curatorial depository. I have formed a new Task Force to spearhead these efforts and will be giving you updates along the way.

Also today, I submitted a letter to the Chairman of Tribal Council vetoing Resolution #502. This was the resolution that Council passed where they decided to pursue impeachment of me. In their mad rush to strike at me, they violated or attempted to violate many areas of law. So, for those reasons I exercised my power to veto. You can view the entire veto letter on line at my Facebook page.

### Feb. 22

This morning, I was honored to give a welcome speech to everyone at the Cherokee Speakers Language Consortium held at Robbinsville High School. Following that meeting, I attended a friend's funeral, Jack Bowman. My condolences to his family and the special people in his life.

I later attended a dinner sponsored by the Big Cove Women's group at the fellowship hall of the Acquoni Church. What a treat! For the food and the Company, thank you so much ladies!

Today marked my ninth year anniversary since I had my last

cigarette. I encourage all our members who smoke cigarettes to kick the habit! You can do it... I was 1.5 packs a day for 26 years and now I can run long distances. It's never too late to quit, your overall health will thank you!

### Feb. 23

Meetings on issues of child care. We currently have a big shortage of teachers mainly due to training. I am beginning research to see if we can start training courses here on the Qualla Boundary in two primary core subjects, CDA and CNA courses. I also have authorized the Dora Reed Center to begin the process of looking to expand the number of infant slots available by 100. This will cause us to have to expand the building and hire more qualified staff. I believe this is important to provide safe and affordable infant and child care so the parents can work and provide for our Cherokee Families.

### Feb. 24

I had a conference call with the Chairman of the National Indian Gaming Commission (NIGC) and his staff today to discuss the pending submission of the Management Agreement we have with Harrah's. The process and negotiations are nearly complete, and we will submit the final draft for approval to Tribal Council soon. I also met with our new Realty Division, and we are set to begin our own tribal lands/realty department soon.

Today was a fun and busy day. I was invited to several retirement parties for our tribal employees who are leaving us soon. The first one was for tribal construction. then Tsali Manor, then PHHS and finally one at Finance for my very own Dianne Panther and her husband Kenny! Each of you who are retiring I want to wish my very best to you and want to personally congratulate you on a life well lived thus far and a career well done! Thank you for all you have done, and I look forward to seeing each of you out in the community again soon!

### Feb. 27

Several more retirement receptions and a Planning Board meeting scheduled.

### Feb. 28

Budget Council is scheduled for the first half of the day with a Business Committee Meeting scheduled for the afternoon.

I want to say that, while there is some turmoil in our community, I am still working hard every day to bring you the services you deserve. You can tell, even from all the whirlwind politically, as the Principal Chief I am still bringing the work to bear for our Cherokee Families.

I have many projects underway and many plans being laid and developed to help you, your families, our elders and our youth. I made a commitment to you to work hard. I promise not to be too sidetracked by the fight and fray of politics, and I will continue to pursue helping you and pushing our Tribe forward!

Thank you for all for your prayers, support and most of all the honor to serve you. God bless you and God Bless the Eastern Band of Cherokee Indians! HIS will be done Chief LambertARRESTS: CIPD Report for Feb. 20-27 from page 5

### In Memoriam

Earlier this year we received word that Larry R. P. Patterson, a long-time supporter of the Yogi Crowe Memorial Scholarship Fund passed away. Mr. Patterson was one of the few people who sent us a contribution every month. Mr. Patterson was an advocate for Cherokee people and higher education and he will be greatly missed. Our deepest sympathy is expressed to Larry Patterson's family and friends.

Former Scholarship Recipient Beau Carroll was recently interviewed by Academy Award winning actor Morgan Freeman for an episode of his National Geographic Channel Series "The Story of God". The episode should air in in January 2017. Beau is pictured here with Morgan Freeman and his wife Lori. (Photo courtesy of Lori Carroll)

### The Yogi Crowe I Knew

By Jan Smith, past grant recipient and current board member

The Richard (Yogi) Crowe Memorial Scholarship memorializes a very special person. While some of us were blessed to know Mr. Yogi Crowe, others will only be able to learn about him through shared memories of those that knew Yogi.

If I could tell a prospective recipient of this scholarship about Yogi, it would be that Yogi was a motivator. He would stop you on campus and ask you how you were doing. He sincerely listened and gave encouragement for you to complete the semester, the year and the degree. He led by example, graduating with his Master's Degree in Public Health from the University of Tennessee, while supporting a family.

Yogi, a full-blood Eastern Cherokee and Vietnam veteran, became the Director of the American Indian Recruiting Program at the University of North Carolina at Chapel Hill. Unfortunately due to an automobile accident, Yogi is not with us today. It is an honor to help promote Yogi's name through his ongoing memorial scholarship. Through his name, this established scholarship has reached out to me and 96 other students, helping us attain our higher education goals. The vision of the founding Board of Directors for this scholarship is currently being carried out by assisting future leaders of the Eastern Band of Cherokee Indians as they follow in Yogi's footsteps.

The Yogi Crowe Scholarship Fund Board of Directors strives to keep Yogi's memory alive through our annual reports, fundraisers, scholarship announcements, and student thank you letters. Our recipients keep his memory alive by following in his footsteps.

### **Open Letter to Elected Officials,**

If you are a member of Tribal Council, Executive Office or School Board, the Cherokee One Feather invites you to submit a monthly report of your activities and your position on any relevant issues currently facing the Eastern Band of Cherokee Indians. We will publish your report of any reasonable length at no cost to you. We only ask that you adhere to a few simple political advertisement/commentary policies that prevent personal attacks and attempt to maintain a level of common decency. If you contact our offices, we will be glad to share the policy in detail. We are happy to offer this as a service to the Cherokee community and to further inform them on your activities on their behalf.

he Cherokee Braves (19-8) and Lady Braves (24-2) both won their first round match-ups in the 1A state playoffs against the same school, Union Academy. The Lady Braves won 71-25 and the Braves won 80-67 in games played Tuesday, Feb. 21 at the Charles George Memorial Arena.

### Lady Braves 71 Lady Cardinals 25

"Coming back after a loss and putting in a performance like this is very promising," Chris Mintz, Lady Braves head coach, said after their game. "We shot the ball well tonight which we've been struggling with the last couple of games. That made a huge difference. They played hard, and we got through it without any injuries."

Union Academy actually led early in the contest and scored the first four points of the game. Two minutes in though, the Lady Braves' defense kicked in and shut down the Lady Cardinals offense as Cherokee went on a 23-2 run for the remainder of the period to lead 26-6 at the end of the first.

"We knew they had one

ball-handler, and if we could get her frustrated, then I thought we had a pretty good chance to run away with it, and that's what happened," Coach Mintz commented.

Cherokee continued the pressure in the second period and outscored the Lady Cardinals 32-11. Carla Wolfe, Lady Braves sophomore guard, got a steal and took it coast-to-coast for an easy layup to put Cherokee up 50-10 with 3:42 left before the half. That invoked the NCHSAA mercy rule for a running clock for the entirety of the second half.

On the night, Pooh King, Lady Braves senior point guard, led Cherokee with 22 points followed by Tori Teesateskie, sophomore guard, with 13.

Cherokee's bench got extensive play in the second half, and the Lady Braves led 67-18 at the end of the third and ended up with a 71-25 victory.

Other Lady Braves scorers included: Raylen Bark 5, Carla Wolfe 10, Jamie Lossiah 2, Shelby Wolfe 6, Me-Li Jackson 1, and Timiyah Brown 9.

Union Academy's scorers included: Briana Pressley 12, Tyra Coppin 2, Parielle Williams 2, Lauryn Boyd 7, Ashlyn Hord 2.

### **Braves 80 Cardinals 67**

"Lay-ups and free throws, the two basic shots in basketball that we were terrible with tonight," Sonita Warren-Dixon, Braves head coach, said of their shooting after the game. "I can never fault our effort. It's our execution sometimes. And, we're still very young so you've got to take the good with the bad because there's going to be ups and downs with a young group. But, we live to fight another day, and we can't ask for more than that."

The Braves and Cardinals went back-and-forth in the first period. After a slow start that saw both teams with several blocks and steals, the game was tied at 2-2 at the 5:27 mark. From that point,

the team's offenses settled some and the baskets started coming. Union Academy held a slight 14-12 lead after the first period.

The second period was all Cherokee. In the first two minutes, the Braves went on an 8-4 run to take a 22-18 lead. They then scored eight unanswered points to lead 30-18 with just over three minutes left until the half. The last three minutes were tight, and Cherokee led 38-25 at the half.

The third period started with the Braves scoring eight unan-

swered again to lead 46-25. But, the Cardinals came back and outscored Cherokee 15-6 for the remainder of the period, and the Braves led by 12 (52-40) at the end of the third.

Union Academy pulled to within seven points (63-56) midway through the fourth, but it was as close as they would get as the Braves pulled away in the last few minutes and took the 80-67 victory.

### Lady Braves win squeaker over Mitchell

**SCRAMBLING:** This photo pretty much sums up the close game between the Lady Braves and Mitchell on Thursday, Feb. 23. Cherokee's Pooh King (right) and Mitchell's Zoe Cloer fight for a loose ball. King finished with 13 points as the Lady Braves edged Mitchell 50-48.

aty Hall, Mitchell junior power forward, took the ball down the right side of the court and launched a picture-perfect threepoint shot at the buzzer of a state playoff second round match-up against the Cherokee Lady Braves on Thursday, Feb. 23. The ball hit the rim. bounced around, and fell out. Cherokee (25-2) held on 50-48 to defeat the Lady Mountaineers (14-12) in a back-and-forth game at the Charles George Memorial Arena.

"Both teams were making plays," said Chris Mintz, Braves head coach. "That was a good ballgame. They're a solid team. It was a really physical game, and it took us a bit to get adjusted to it. We showed up at the end and thank goodness they missed that last shot."

Led by Pooh King with 13 points, the Lady Braves had three players in double digits including Timiyah Brown 11 and Tori Teesateskie 10. Mitchell was led by Hannah McMahan and Morgan Buchanan who each had 11.

This game was not just close at the end. It was close the entire time with the biggest lead of the game being five points.

Cherokee and Mitchell matched baskets early, and the Lady Braves led 7-6 midway through the first period. Mitchell then went on an 8-2 run for the remainder of the period to lead 14-9 at the end of the first.

The first three minutes of the second were tight with Mitchell leading 17-

13 at the 4:48 mark. From there, Cherokee went on an 8-2 run of their own and took a 21-19 lead with just over three minutes left until the half. The rest of the half was very tight, and the Lady Braves took a 26-23 lead into the locker room.

The third period was just about deadlocked with Mitchell slightly edging Cherokee 11-8, and the two teams entered the final eight minutes tied at 34-34.

Cherokee scored the first five points of the fourth to take a 39-34 lead with just under six minutes left in the contest. The Lady Braves led all of the final period with the Lady Mountaineers right on their heels. King made a free throw with 8.8 seconds left to make it 50-48. Mitchell had their look at the end as time expired, but it didn't fall and Cherokee took the victory.

Other Lady Braves scorers included: Raylen Bark 3, Jamie Lossiah 4, Shelby Wolfe 7, and Me-Li Jackson 2. Other Mitchell scorers included: Eden Phillips 9, Emma Duncan 5, Zoe Cloer 7, and Katy Hall 5.

### **Current playoff structure divides fans**

### SCOTT MCKIE B.P.

ONE FEATHER STAFF

s I stood on the sidelines getting my shots and taking notes as the Lady Braves hosted Mitchell on Thursday night, I noticed several things. First and foremost, the stands were about as full as they were on Tuesday night. Ok, so, what's the big deal?

Well, on Tuesday night, both the Braves and the Lady Braves played in the first round of the playoffs. Both Cherokee teams were in action on Thursday night as well, but the Lady Braves were at home and the Braves were 231 miles away at West Montgomery.

Since the stands were about as full as they were on Tuesday night, I could only deduce that not many fans, probably other than parents, traveled over four hours to see the Braves game.

I completely dislike the current North Carolina basketball playoff system as it seems to only divide a team's fanbase, especially with smaller schools like Cherokee. I've written before about the Cherokee fans and their incredible support of the Braves and Lady Braves, and I've stated several times how they will many times turn an away game into a home game by outnumbering the opponent's fans.

In cases where both teams are playing on the same night, but in different towns, this is virtually impossible.

There's that problem, but then I add the additional problem of high school students having to criss-cross the state to play in the state tournament. Unfortunately, the Braves lost on Thursday night at West Montgomery, but if they had won that game, they would have had to turn around and travel 154 miles to Lincoln Charter on Saturday. That's a lot of driving around.

I can maybe see and get onboard with teams traveling to the higher-seeded team's venue for the first two rounds, but the first four? Lower-seeded teams that hit a stride and make it to the regional semi-finals could end up traveling for four games in a row – sometimes as far as four or more hours away. The Braves were a ninth seed, and they ended up traveling for their second round game.

After the first two rounds, why not hold the rest of the tournament at one large venue over the course of one weekend? Get it finished up and the teams and fans only have to travel once.

The current tournament has 64 teams each for the boys and girls so there would only be 16 left in each after the first two rounds. For the boys and girls, there would be 15 games each from that point to get to a champion. That's doable over the course of a weekend. If you did this after the third round, it would be even more doable with only eight teams per side and seven games each.

I know some would argue against that due to the number of games, but most basketball players are used to playing games over the course of multiple days or even multiple games in a day. When I used to play volleyball, it was not uncommon for me to play up to eight matches in a day... one outdoor tournament I played 12!

Tournaments all across the country use this format. Why not at least try it at the state level? It sure would cut down on teams and fans having to travel all over the place, and it would cut down on a team's fanbase being split like we saw happen to Cherokee this past week. Either that, or maybe it's time to have the boys games on one night and the girls games on another?

### JODY BRADLEY

n a warm summer night about 50 years ago, the Bradley family gathered at my Pop Pop's house to witness the blooming of a Night-blooming Cereus. This was a family affair and not to be missed.

According to worleys.com, "Night-blooming Cereus is a member of the cactus family. It produces leafless, fleshy, three sided stems. In summer, generally from July to October, large, prominent buds appear. When they're ready to open, they do so in dramatic fashion, literally before your eyes--you can see the movement. The spectacular white blossoms with yellow stamens may be a foot long. Night Blooming Cereus blossoms remain open only one night."

About 40 years ago, my Uncle Ham gave me a cutting of Granny's Cereus and it's been through a lot with me - two husbands, one child, a variety of career and housing changes. It did not bloom one time during all those years.

Last year, my cousin Margie told me about a special recipe to help hydrangeas bloom. I used the recipe on my Night-Blooming Cereus and voilà, after 40 years, my Cereus bloomed. It was a family affair at my house, also. My family sat four hours with cameras and flashlights and watched it open before their eyes. In the morning, it was gone. It has had four more spectacular flowers since then.

All plants, like people, have a special recipe, some more complicated than others. Some need water and a little 10-10-10. Some need bloom

booster one week and Miracle Grow the next. Some, like tomatoes, don't need Miracle Grow at all. The good news is with a little experience, research, and patience, you too can accomplish something spectacular. That's the beauty of gardening.

### Eating Balanced with MyPlate and Importance of Physical Activity

vPlate is the new recommendation for balanced, healthy eating. It is a simple, straight-forward method for planning meals. MyPlate recommends making half your plate fruit and vegetables, a quarter protein and the remaining quarter a starch such as rice, pasta or bread. The benefit of MyPlate is that it can help make life easier for getting proper nutrition. This day and age has countless fad diets out there promising a quick fix and fast results. However, the danger with these fad diets is that they often encourage a reduction and/ or an increase of a certain food group. The problem with this is that it eliminates nutrients found in certain food groups. Our complex bodies need a variety of different nutrients which are found in these different foods.

MyPlate emphasizes on the intake of non-starchy vegetables, lean meats, whole grains, low fat dairy and fruit. It advises to limit foods high in saturated fat, added sugar, sugar sweetened beverages and sodium. Realistic, small changes over a period of time are the key for lasting change that promotes a healthy lifestyle.

Easy ways to help maintain weight or even lose weight include:

- Re-education of replacing sugar sweetened beverages with water
- Have planned snacks that include a complex carb and protein.
- Avoid unnecessary grazing on candies or chips
   Share a plate with your spouse at your favorite restaurant.

• Sautee' vegetables to

maximize fla-

vor Apart from healthy eating habits; physical activity is the other measure of longevity. Being active daily can reduce chances of heart disease, high blood pressure, and Type 2 Diabetes. The Department of Health and Human Services recommends that adults get at least 150 minutes a week of moderate to intense physical activity.

Physical activity can also help

• Maintaining or reducing weight to a healthy range

• Increasing muscle and bone strength

bv:

- Helping with better, more restful sleep at night
- Helping promote a healthy cardiovascular

### system

• Increasing energy and improving mental health

Sometimes, it can feel hard and even frustrating to get started with physical activity. The number one reason most adults do not exercise is due to time constraints. A busy career, kids and/ or various other things can leave a person feeling overwhelmed and likely have exercise at the bottom of the to-do-list.

Some strategies may include:

• Be intentional with scheduling exercise in a planner every other day for 15- 30 minutes

- Taking an exercise class twice a week with a friend for continued accountability
- Exercising at home before or after work (free video workout routines for at home are common online these days)

Some people who find physical fitness boring may benefit from taking up a physically active hobby. Some examples include kickboxing, riding a bike down the street or hiking trails. Make sure your doctor approves your activity to prevent injury. Start slow and gradually build intensity. Lastly, remember to warm up before and stretch after being physically active.

### Eastern Band Community Foundation announces Bill Taylor Scholarship availability

Applications for the Bill Taylor Scholarship are now being accepted by the Eastern Band Community Foundation. This scholarship is available to all EBCI tribal members or their immediate family members who study business/business-related curricula. The deadline to apply is June 1.

This scholarship was named in honor of previous Tribal Council Chairman Bill Taylor for his involvement and encouragement in bringing the gaming industry to Cherokee and has awarded \$36,312 in scholarships since 2000. Awards are based on students meeting various eligibility requirements detailed on the NCCF website www.nccommunityfoundation.org. Applications can also be downloaded on this site under "Qualla Reservation". The Eastern Band Community Foundation is an affiliate of the North Carolina Community Foundation. In addition to the website, like us on Facebook, follow us on LinkedIn and Twitter @NCCF for more information on the North Carolina Community Foundation.

### Vendors sought for Spring Garden Fair

Vendor applications are now being accepted for the Spring Garden Fair scheduled for Friday, April 7 and Saturday, April 8 at

### In Memory of Mike French March 6, 1954 to July 8, 2016

You never said Goodbye; you never said I'm leaving, you never said goodbye, you were gone before I knew it, and only God knows why, A million times I needed you, A million times I've cried If love alone could have saved you, you never would have died, In life "I loved you" dearly, In death I love you still, In my heart you hold a place, that no one could ever fill. It broke my heart to lose you, But you didn't go alone, For part of me went with you, the day God took you home ...

Happy B-day! Love & miss you! Sissy the Cherokee Indian Fairgrounds. Vendors are being sought who sell garden items including: seeds, plants, seedlings, yard art, tools, bees, farm-related subjects, dried or canned products, or other food products. They are also seeking educators to share information about composting, recycling, mulches, beekeeping, etc. All are welcome. This event is being sponsored by Principal Chief Patrick Lambert. ### Facebook Weekly Question Responses

Note: The following comments were made on the Cherokee One Feather Facebook page to our weekly question: In response to last week's question, a reader suggested doing away with the carnival at the Cherokee Indian Fair altogether, and in its place holding various cultural games and activities. What do you think of this idea?

**Michael Jenkins:** I second this. The Fair should be culturally-oriented more and have more traditional aspects. No rides.

Orion Holmberg: Terrible idea

Dennis Ray Burgess: Fix up

the abandoned Fun Park by Saunooke's...run it with drugfree employees and run a shuttle between there and the Fair. Use the carnival space for stickball. archery, and maybe some traditional dancing. Keep the money local. Make America great again... I just don't like how after people drive through the beautiful Parkway the first thing that greets visitors are abandoned bear zoos and an abandoned Fun Park. Before building some big new water park, let's show we can keep an existing one up and running. Remember when putt-putt was the place to be?

Utsilugi Galanvdv: I will second Dennis on this. Fix up and revitalize the quickly deteriorating Fun Park, even if it is a tribal venture. Get the

Go-Karts up and running, fill in the old bumper boats, get the putt-putt course in shape and fix it up. And, above all, let's get a ferris wheel there. Fix that up and then run a "carnival" there and then run chunky, marbles, archery, shucking, and blow gun competitions at the Fair. Create an interactive garden and teach people about growing the three sisters etc.

**Cara Forbes:** I don't see why we can't balance traditional with contemporary recreation myself. I think that implementing more cultural games and activities in addition to the Fair would be an awesome compromise. But, I also agree with Dennis's idea. That Fun Park needs to be put to use.

Janice Sutton: Yes, the Fun Park needs to be fixed and up and running. But, we must stop and think if you have the rides up and running up at the Fun Park and cultural games at (the) ceremonial grounds, who will be watching children? This means a lot of unattended children while parents are watching cultural games! Just my thoughts.

**Quetseli Baker Truesdell:** To the commenters above, those are excellent ideas!

**Julie Jacobson:** Having grown up across the street from a large county fair in another state, I can say that the low quality of workers at any fair is directly related to what company is hired

### **RESPONSES:** from page 25

to put on the fair. I have attended the Cherokee Fair several times, and I totally agree that the rides are ancient and the workers are scary! If you want a better-quality fair with better rides and better workers, hire a better company! There's no need to drug test the workers yourselves or do any extra work on your end because a reputable company will do all of that.

**Michael A. Partain:** I am from Anderson, SC...I can remember coming to Cherokee and visiting Frontierland and Ghost Town. It would be great if there was a way to bring that back. Integrate the Cherokee culture into a theme

**ARIES** (March 21 to April 19) Keep an open mind about a suggestion you see as unworkable. Give it a chance to prove itself one way or another. The results could surprise both supporters and detractors.

**TAURUS** (April 20 to May 20) News about an upcoming venture causes you to make some last-minute adjustments in your plans. But the extra work will pay off, as you come to learn more about the potential benefits opening up.

**GEMIN** (May 21 to June 20) A more positive aspect grows out of your determination to reach your immediate goals. Continue to keep your focus sharp and on target by steering clear of petty quarrels and other pesky problems.

**CANCER** (June 21 to July 22) By acting as a voice of reason, you can avoid adding to an already turbulent situation. You might have to shout over the tumult, but your words ultimately will be heard and heeded.

**LEO** (July 23 to August 22) The possibility of a new acquisition always makes those Leonine eyes light up. But be careful that what you see is what you want. Appearances often can be deceiving.

**VIRGO** (August 23 to September 22) No matter how much you might feel that you're in the right, resist saying anything that could reignite a still-unresolved situation. Let the matter drop, and move on.

park. Sadly, it was something that I missed out on sharing with my children, but it would be great to expose my grandchildren to. You could have a walking adventure where everyone can be educated about the Cherokee way of life, and base it off of "Unto These Hills".

**Davis Rezgirl Alana:** Keep the carnival, the kids love it.

Nakoa Chiltoskie: I think keeping the carnival is important, but I do think we need to upgrade the rides. Make it fun for all ages. I would also like for us to incorporate more of our own cultural activities and games. Kids love to play these games, and this will keep our traditions alive. Bring back the

**LIBRA** (September 23 to October 22) Help with a personal problem comes from an unexpected source. You also find workplace pressures easing. Use this period of calm to restore your spent energies.

**SCORPIO** (October 23 to November 21) You might have to share the credit for that project you're working on. But there'll be enough credit to go around, and your efforts will be recognized and rewarded.

**SAGITTARIUS** (November 22 to December 21) Details need to be dealt with before you can move on to another area. Make sure you don't leave any loose ends that could later cause everything to unravel.

**CAPRICORN** (December 22 to January 19) News about a change in the workplace carries with it a challenge you could find difficult to resist. Check it out. It could be what you've been waiting for.

**AQUARIUS** (January 20 to February 18) Allowing your artistic nature full expression will help restore your spirits and will put you in the mood to take on that new career challenge. A Libra creates excitement.

**PISCES** (February 19 to March 20) Expect to happily plunge right into a hectic social whirl starting at week's end. Your aspects favor new friendships as well as the strengthening of old relationships.

**BORN THIS WEEK:** Like St. Patrick (who was also born this week), your spiritual strength is an inspiration to others.

clogging teams and contests. When I was younger, coming to the Fair was my favorite time of the year, but lately it has become a tad bit boring. Maybe even set up booths with demonstrators making our traditional foods since this seems to be a dying art in itself.

**Coah Ledford:** No, don't do away with it. Why can't we do both? My kids love Fair week. It's about the only time of year they get to ride carnival rides. We just need better rides and carnies that don't look and act like they're homeless or something...while also doing Cherokee cultural things. Leave the rides, take the carnival games out and put Cherokee games in.

Ashley Sessions: Take those trashy rides somewhere else! If they are going to bring rides, then they need to work and they need employees that aren't going to be rude to our kids. It wouldn't hurt if a shower was required for them to work there either.

**Ulela Kaine Welch Harris:** You have to spend money to make money! Fair time is homecoming time for a lot of people, so why not go the extra mile and make it special? I would love for my grandchildren to experience the way it used to be and to be able to appreciate the resources we have available to us today.

Wanda Taylor: Don't have those concerts. Use the money on a decent carnival for the kids. We have local talent for clogging teams which people enjoy watching. Fairs used to have clogging teams every night and our locals played the music for them. Indian fairs never had those noisy concerts. Not everyone wants their hearing impaired due to the deafening music by the concerts. If people want to attend a concert, send them to the casino. This is an Indian fair where people come from far and wide to visit family and enjoy traditional food and fellowship for a week.

**Kim Wildcatt:** Right Wanda Taylor! Fair Committee, listen to your elders!

Sheena Brings Plenty: I love the idea of getting rid of the carnival! There's already the summer carnival that comes in June/July, so the kids can all still ride the crappy rides. Plus, the mountain state fair is just an hour away and it's awesome! Plus, the Fair is called the Cherokee Indian Fair...what's Cherokee about a carnival? Nothing. The Fair should reflect the people. If you got rid of the carnival (which is only for little kids) there would be room for more stickball, other games and tournaments (cornhole, marbles, chunky, free-throw contest, 3-point contest, hammer throw, stomp, etc. etc.) that could involve everyone, not just little kids. There's nothing at the Fair for the teenagers or elders to do. There's barely anything for adults to do except eat and sit around while their kids ride rides. Since the tribe has been working on revitalizing the culture and language, this would be an excellent opportunity to really use it all!

**Lori Taylor:** I'd say the current vendor for the rides are outdated and accidents (are) waiting to happen. Cleaner, more fresh Fair would be exciting.

Carpenter Community Building may be had Monday through Friday, between the hours of 9:00 A.M. and 5:00 P.M. at the offices of Ritter Architecture, P.A., located at 312 East Dogwood Drive, (Lower Level – Rear), Franklin, NC 28734. Telephone 828.369.6611 Advance ordering of copies will be appreciated.

Each bid shall be accompanied by a deposit with the Macon County Board of Commissioners of cash, cashier's check, or a certified check drawn on a bank or trust company insured by the Federal Deposit Insurance Corporation in an amount equal to not less than 5% of the proposal or bid. In lieu of making the cash deposit as above-provided, the bidder may file a bid bond executed by a corporate surety licensed under the laws of the State of North Carolina to execute such bonds, conditioned that the surety will upon demand forthwith make payment to the obligee upon said bid bond if the bidder fails to execute the contract in accordance with the bid bond. This deposit shall be retained if the successful bidder fails to execute the contract within 10 days after the award or fails to give satisfactory surety required herein. The Owner may allow withdrawal of a bid without forfeiture of the bid security only as provided in

N.C. Gen. Stat. § 143-129.1.

By submitting a bid, the Bidder certifies that it has under its direct control or at its disposal the labor, equipment, and materials required for completing the work as specified. Lack of such control or availability of the necessary labor, equipment or materials shall constitute failure to perform the Contract. To the extent required by North Carolina Law, Performance and Payment Bonds shall be required for 100% of the contract amount with a surety or sureties legally authorized to do business in North Carolina. Bidders must be properly licensed and the provisions of Chapter 87 of the North Carolina General Statutes will apply to the award of the Contract.

It is the policy of Macon County not to discriminate on the basis of race, color, gender or national origin in the award or performance of any contract and this contract shall not be awarded to any Bidder found to practice such discrimination.
