*Short Title: An ordinance to amend Ch. 130A, 7A and 115 to include access to and protections for student education records, and Ch. 7B to include information sharing with the Tribal Court in cases of child maltreatment.*

**WHEREAS**, the Tribe's Public Health and Human Service departments and programs include child welfare and juvenile justice programs; and

**WHEREAS**, federal privacy laws known as the Family Education Rights and Privacy Act (FERPA) protect student education records and require that student records sought by child serving agencies like child welfare and juvenile justice should always first attempt to obtain a parent's consent for the release of records but when such consent is not obtained federal privacy laws for student records have careful and responsible exceptions to the general rule; and

**WHEREAS**, the federal law protecting student records already makes exceptions to the requirement for parental consent for child welfare and other agencies, and the federal law requires specific state or local law to address additional exceptions for juvenile justice purposes; and

**WHEREAS**, federal privacy laws known as the Health Insurance Portability and Accountability Act (HIPAA) protect behavioral health information and have careful and responsible exceptions to the general rule for child welfare purposes.

**NOW THEREFORE BE IT ORDAINED**, by the Tribal Council of the Eastern Band of Cherokee Indians in Council assembled at which a quorum is present, that Tribal Council hereby recognizes the need for responsible information sharing between tribal educational institutions and juvenile justice system programs, as well as required sharing among the Integrated Child Welfare Team (ICWT) and the Tribal Court, and amends Chapter 130A, 7A, 7B, and 115 as set forth in Exhibit A.
